Titan Sinking: The decline of the WWF in 1995 James Dixon

Throughout the history of the WWF, there have been times of prosperity and times of hardship, cycles that shape the ethos of the company by forcing changes to its infrastructure and on-screen direction. The one constant throughout three decades of change is Vincent Kennedy McMahon, the stalwart puppet-master who captains the ship. Unflinching, thick-skinned, and domineering, McMahon has ultimately outlasted all of his competition and come out on top of every wrestling war he has waged.

In 1995, he very nearly lost.

Titan Sinking tells the tale of one of the most tumultuous, taxing and trying years in WWF history. Vince was reeling from a nightmare first half of the decade as the year commenced, but having seemingly steered the company through an image-shattering five years, he looked to rebuild his ailing brand and rediscover the magic formula that made his promotion such a juggernaut in the eighties. As each week passed, more and more problems behind the scenes began to unfold, plunging the WWF on the bring of crisis.

This book gives the inside story of all of it: with detailed accounts of incidents from Syracuse to Montreal, from the Kliq to he BSKs, Vince's new hope, to his various creative flops and failures. Find out the real story of the year, and learn how 1995 brought WWF to the brink.

--- INCLUDING FOREWORD BY JIM CORNETTE ---
