**The Cityscape Series tells a compelling story of a forbidden love affair between a married woman and the man who is possibly her soul mate. *Come Undone* is book one in the completed trilogy.**

Olivia Germaine has already found love. Devoted wife, loyal friend, determined career woman—she’s created the life she always envisioned. But when Olivia locks eyes with a handsome stranger across a crowded room, he peers a little too closely and sees emotions she thought she’d buried long ago.

David Dylan, alleged playboy and eternal bachelor, challenges Olivia to confront the life she’s built and to make decisions that could either lead to happiness...or regret.

Will Olivia be able to draw the line between lust and love? And can David respect that line?

## **Author Q&A**

*Why write about a controversial topic like adultery?*

Adultery is a tough sell, especially in romance. I think it scares people—and I find it utterly fascinating. Cheating is one of the worst crimes a person can commit. It’s a betrayal. So I had to know – why does it happen? In love, nothing is black and white. Adulterers are branded with a scarlet “A,” but things aren’t always what they seem. I wanted to show another side to it & for it to be real, not something with sugar on top.

*Would you say you gravitate toward more forbidden topics?*

Absolutely. There’s an innate draw to the things we can’t have, and often in real life, we’re able to restrain ourselves. That’s why it’s fun to live it through the characters. Cityscape is about an extramarital affair, and my other books are about office romance and a stranger’s sexy but oh-so-wrong proposal.

*Where do you get your inspiration?*

Everywhere, but mostly from other artists. I love music, film, books. Anything that moves me will generally stay with me in a big way. For this series it was *Anna Karenina* by Leo Tolstoy, or the film score for *American Beauty*. I try to keep Spotify playlists and Pinterest boards to share with readers, all of which can be found on my website: [www.jessicahawkins.net](http://www.jessicahawkins.net)
