Happy Thanksgiving 2015.Merry Christmas 2015.Happy New Year 2016.

2016 is here. Welcome to a new world of knowledge, understanding, and growing. Please disregard any errors or flaw I may have made or should you encounter them. I edit for accuracy but sometimes they could slip through. I write very early starting at 1:30am in the morning each day as I speak and write at the same time. I write with daily inspiration as this is my life purpose given to me while working independently to maximize my writing potential. I learned that the procrastination of an idea helps nobody. Fresh ideas, knowledge, and information should not be delayed. For me, an ebook has a new meaning. What is an ebook to me? An ebook is an historical document that will be preserved for centuries to come. I am leaving a legacy of historical relics and value that future generations can see, enjoy, and learn from during this time era. They will come to understand how this generation lived, learned, felt, loved, prospered, and transformed into oneness. Read and have fun. Thank you.

New Year 2016 cleaning can be a messy chore. Rooms filled with unwanted things but also a place for historical items and relics from our past that has not intrinsic value to anyone but it does to me. Parting away with such treasure is totally unimaginable and I find myself living in heaven with my relics of personal value and historical significance that reminds me of home and keep my heart happy and full of content.

These historical artifacts have value and shows a timeline in my life. This timeline is felt whenever I see these items. Each item shows things I have achieved and that brought out certain feelings, success, and the pain of failure. Sure, I have many more items that could be on the list.

Hello. Hi, there. Welcome. This is an amazing book that will take you down memory lane. Sure, this is my list of things I will NOT throw away. But, as you read the list your mind will start to make your own list and as you go through the process, memory lane starts to form. I'm excited and ready for 2016. I'm the author of New Year 2016 For 222 Things I Will NOT Throw Away book as it was an emotional experience for me to put these items together. I realized and discovered things about my life and how I got to this point.

As I put this list together, I went down memory lane (remembering the past as it was) and experienced those feelings again. I remember purchasing those items, receiving those items and how it inspired me in the process. It was very personal to me while putting the list together. Some of the items are outdated now.

They don't sell some of the items anymore. Technology replaced many of the items. Life changes. I am learning that I must follow the changes or get left behind. I travel abroad a lot. I see many changes that impact a lot. I am understanding more about making faster changes in an ever changing world of knowledge.
