## **The Sun, the Moon, and the Stars** Steven Brust

Once upon a time there was a kingdom that lived in darkness, for the sun, the moon and the stars were hidden in a box, and that box was hidden in a sow's belly, and that sow was hidden in a troll's cave, and that cave was hidden at the end of the world.

Once upon a time there was a studio of artists who feared they were doomed to obscurity, for though they worked and they worked, no one was interested in the paintings that stood in racks along their studio walls.

Steven Brust's fantasy novel *The Sun, the Moon, and the Stars* is a tale of two quests, of two young men who are reaching for the moon. And the sun. And the stars.

As a college student exactly feel bored to be able to reading. If their teacher expected them to go to the library in order to make summary for some book, they are complained. Just small students that has reading's heart or real their leisure activity. They just do what the professor want, like asked to the library. They go to generally there but nothing reading critically. Any students feel that examining is not important, boring as well as can't see colorful photos on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore , this The Sun, the Moon, and the Stars can make you truly feel more interested to read.
