Hollywood (Vintage International) Gore Vidal

Hollywood marks the fifth episode in Gore Vidal's "Narratives of Empire," his celebrated series of six historical novels that form his extended biography of the United States.

It is 1917, and President Woodrow Wilson is about to lead the country into the Great War in Europe. In California, a new industry is born that will irreversibly transform America. Caroline Sanford, the alluring heroine of Empire, discovers the power of moving pictures to manipulate reality as she vaults to screen stardom under the name of Emma Traxler. Just as Caroline must balance her two lives--West Coast movie star and East Coast newspaper publisher and senator's mistress--so too must America balance its two power centers: Hollywood and Washington. Here is history as only Gore Vidal can re-create it: brimming with intrigue and scandal, peopled by the greats of the silver screen and American politics.

"Hollywood shimmers with the illusion of politics and the politics of illusion," wrote the Chicago Sun-Times. "A wonderfully literate and consistently impressive work of fiction that clearly belongs on a shelf with Vidal's best," said The New York Times Book Review.

With a new Introduction by the author.

From the Hardcover edition.
