A Glossary of Applied Linguistics

Alan Davies

A Glossary of Applied Linguistics Alan Davies

Applied Linguistics is still a growing field. Key texts and handbooks have appeared in recent years and international applied linguistics conferences and professional associations occur regularly. While Applied Linguistics continues to attract new entrants and to generate new strands of research, there is a need for a clear and concise map of the field. This is the purpose of the *Glossary*.

The author, Alan Davies, is a well-established, well-published authority on applied linguistics. Not a typically dry dictionary, Dr. Davies infuses the alphabetical entries with a touch of humor and thought-provoking context creating an up-to-date, useful, and coherent view of applied linguistics.

The *Glossary* compiles the most ubiquitously used terms in applied linguistics and teacher-training literature. It takes a wide-ranging view of the field, drawing not only on linguistics but including psychology, sociology, education, measurement theory, speech therapy, translation, and language planning. Other features include:

- *numerous cross-references to key terms;
- *an introduction, which discusses the difficulty of defining applied linguistics; and
- *a brief reading list of key text.

The primary market is master's student in Applied Linguistics, Second Language Acquisition, and TESL/TEFL. Undergraduate students, particularly in language fields and in education will also find it helpful, as well as language teachers who have not themselves followed Applied Linguistics courses and who are interested in finding out about the field.

From reader reviews:

David Veal:

Information is provisions for individuals to get better life, information currently can get by anyone at everywhere. The information can be a understanding or any news even restricted. What people must be consider whenever those information which is inside the former life are challenging be find than now could be taking seriously which one is appropriate to believe or which one the particular resource are convinced. If you have the unstable resource then you get it as your main information we will see huge disadvantage for you. All those possibilities will not happen with you if you take A Glossary of Applied Linguistics as the daily resource information.

Deborah Beaudry:

Reading a book tends to be new life style on this era globalization. With reading through you can get a lot of information that may give you benefit in your life. Along with book everyone in this world can share their idea. Ebooks can also inspire a lot of people. A lot of author can inspire their particular reader with their story or even their experience. Not only the storyplot that share in the textbooks. But also they write about advantage about something that you need illustration. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book that exist now. The authors nowadays always try to improve their skill in writing, they also doing some research before they write for their book. One of them is this A Glossary of Applied Linguistics.

Lien Fugate:

Spent a free time to be fun activity to try and do! A lot of people spent their sparetime with their family, or their friends. Usually they doing activity like watching television, about to beach, or picnic in the park. They actually doing same task every week. Do you feel it? Do you wish to something different to fill your own free time/ holiday? May be reading a book can be option to fill your free of charge time/ holiday. The first thing you ask may be what kinds of e-book that you should read. If you want to try look for book, may be the guide untitled A Glossary of Applied Linguistics can be fine book to read. May be it is usually best activity to you.

Robert Olsen:

Is it you who having spare time after that spend it whole day simply by watching television programs or just lying down on the bed? Do you need something totally new? This A Glossary of Applied Linguistics can be the reply, oh how comes? The new book you know. You are and so out of date, spending your time by reading in this completely new era is common not a nerd activity. So what these guides have than the others?
