Is a second chance possible?

After being involved in a terrible accident I was left in a wheelchair, with the only modern treatment costing more than I could ever imagine. The society I live in is a segregated one, where it may not spoken aloud but everyone knows their place.

In my turmoil, I turned to virtual reality, a brand new virtual reality MMO game called 'End Online' where I could once again walk. Perhaps in this second world I will get another chance.

Only, things never go as planned.
