Ice Ulla-Lena Lundberg

The epic of Island Life that has gripped Finland Winner of the Finlandia Prize Nominated for the Nordic Critics Prize It is the summer of 1946. A novice Lutheran priest, his wife and baby daughter arrive at a windswept island off the coast of Finland, where they are welcomed by its frugal, self-sufficient community of fisher folk turned reluctant farmers. In this deeply atmospheric and quietly epic tale, Lundberg uses a wealth of everyday detail to draw us irresistibly into a life and mindset far removed from our own - stoic and devout yet touched with humour and a propensity for song. With each season, the young family's love of the island and its disparate and scattered inhabitants deepens, and when the winter brings ice new and precarious links appear. Told in spare, simple prose that mirrors the islanders' unadorned style, this is a story as immersive as it is heartrending.
