Bachelor: The Maturation of Him is a combination of thoughts and poetic expression that explores the experiences and psyche of a single man who enjoys the freedom of bachelorhood. The only relationship he cares for are those labeled as “no strings attached.” After submerging himself in that type of lifestyle for a period of time, he begins to realize that there is more to being involved with someone than just on a physical level. Eventually, he experiences boredom with his lifestyle and desires a connection that will suite his growing appetite for substance. As he matures in how he views women and relationships, he faces challenges and setbacks as a result from his years of useless sexual encounters. Despite his shortcomings and the difficult time he has transitioning into a more meaningful relationship, he continues to move forward in a quest for gratification.
