Flesh: Architectural Probes

Elizabeth Diller, Ricardo Scofidio

Flesh: Architectural Probes Elizabeth Diller, Ricardo Scofidio

Like all the work of architects Liz Diller + Ric Scofidio, *Flesh* is a set of contradictions and complexities. It is both a monograph of their work the first ever on their art, architecture, and installations but also not a traditional monograph. It is a both/and, neither/nor book-as-project noted at the time of its publication, in 1994, for its groundbreaking typography and not-too-subtle critique of architecture from within. Since its publication, Diller + Scofidio (now Diller Scofidio + Renfro) have gone on to become among the world's most famous architects, but the themes, concerns, and even forms that make them so celebrated today are all here in *Flesh*, along with its most radical proposition: that anything can be architecture, starting with this book, one of the most sought-after and valuable books in our library.
