- **an excellent Teacher’s Manual** that is especially helpful to newer professors

**This timely revision has been updated to reflect recent developments and case law and includes:**

- **coverage of cases resulting from the 2005 Amendments**, including consumer bankruptcy, including Chapter 7; Chapter 13, the “hanging paragraph;” and means test eligibility
- **expanded business law coverage** with individualized treatment of small business bankruptcies and their bigger, publicly traded Chapter 11 cousins, emphasizing the rapid changes in the world of reorganization and the first international cases under Chapter 15
- as in past editions, there are problem sets for each subject area in the book, however the sixth edition will have **variations of some of the problems available, allowing for more flexibility**

Classroom-tested through five editions, revised to keep pace with the most recent developments in the world of bankruptcy, **The Law of Debtors and Creditors: Text, Cases, and Problems, Sixth Edition**, is an unbeatable method for teaching a practical, animated, and completely state-of-the-art course.
