Protocols of the Learned Elders of Zion

Protocols of the Learned Elders of Zion

Marsden, formerly Russian Correspondent of "The Morning Post," translated these 24 documents known as the "Protocols" from the 1905 publication of a Russian Professor named SERGYEI NILUS. 5-1/2" X 8-1/2" Staple Paperback.

A Message from the Anti-Defamation League

The Protocols of the Elders of Zion, circulated by the Czarist secret police at the turn of the 20th century, is plainly and simply a plagiarized forgery. "The Protocols" has been a major weapon in the arsenals of anti-Semites around the world, republished and circulated by individuals, hate groups and governments to convince the gullible as well as the bigoted that Jews have schemed and plotted to take over the world.

Statement of Amazon.com April 6, 2000

As some readers may be aware, a hoax e-mail has been circulating widely that falsely claims Amazon.com has favorably reviewed this book. This allegation is, of course, absolutely untrue. Nevertheless, this rumor has become so widespread on the Internet that it's already a recognized "urban legend," just like alligators living in the sewers. Amazon.com obviously does not endorse *The Protocols of the Learned Elders of Zion*. This book is one of the most infamous, and tragically influential, examples of racist propaganda ever written. It may be useful to some as a tool in the teaching of the history of anti-Semitism, but it's unquestionably propaganda.

Does Amazon.com sell this book? Of course we do, along with millions of other titles. *The Protocols of the Learned Elders of Zion* is classified under "controversial knowledge" in our store, along with books about UFOs, demonic possession, and all manner of conspiracy theories. You can also find books in other sections of Amazon.com's online bookstore that analyze *The Protocols*' fraudulent origins and its tragic historical role in promoting anti-Semitism and Jewish persecution, including *A Lie and a Libel: The History of the Protocols of the Elders of Zion*.

Should Amazon.com sell *The Protocols* and other controversial works? As a bookseller, Amazon.com strongly believes that providing open access to written speech, no matter how hateful or ugly, is one of the most important things we do.
