From the heights of passion, to the depths of despair...

In ONE NIGHT IN LONDON, Bella Sinclair's trip across the pond with her younger and oh-so-sexy beau, Andre Moore, couldn't have been better. In fact, though she's told herself to enjoy sex with no strings attached, she knows now that Andre has her heart. He's sexy, sweet, and their chemistry is off the charts. Finally, Bella has met the man she knows she's meant to spend her life with.

But everything changes when his ex—the conniving Clarissa Evans—shows up in London and drops a bomb. She's pregnant. Now, the love Bella thought she'd found with Andre has slipped through her fingers. Andre still wants her, but how can she stay with him, knowing that another woman is carrying his baby? Especially when giving Andre a child is the one thing she can't do.

Back in DC, Bella wants nothing more than to turn to her friends for support, but Holly is going through her own relationship drama. Her husband of ten years is leaving her for his secretary—and things have gotten nasty between them. And with each passing day, their drama only gets worse.

Bella tries to avoid Andre, but he won't be ignored. He doesn't believe Clarissa is carrying his baby, but Clarissa refuses to get a paternity test this early on. Bella knows that staying with Andre is going to mean Clarissa drama at every turn—which happens sooner than she expects. Just days after returning from London, Clarissa shows up at Bella's door to beg her to back off and let her work on her relationship with Andre. For the baby, of course.

Bella believes firmly that it's the right thing to do. But when it comes to matters of the heart, there's no such thing as right and wrong. And soon, Bella's heart can't be denied. She knows that she needs one more night with Andre. One more night with the man she loves before she can move on.

But neither Bella nor Andre could ever anticipate the lengths to which Clarissa will go to keep him in her life.

And Clarissa's brand of crazy is about to get real ugly.
