Advances in Data Mining: Applications and Theoretical Aspects: 10th Industrial Conference, ICDM 2010, Berlin, Germany, July 12-14, 2010. Proceedings (Lecture Notes in Computer Science)

These are the proceedings of the tenth event of the Industrial Conference on Data Mining ICDM held in Berlin (www.data-mining-forum.de). For this edition the Program Committee received 175 submissions. After the peer-review process, we accepted 49 high-quality papers for oral presentation that are included in this book. The topics range from theoretical aspects of data mining to applications of data mining such as on multimedia data, in marketing, finance and telecommunication, in medicine and agriculture, and in process control, industry and society. Extended versions of selected papers will appear in the international journal Transactions on Machine Learning and Data Mining (www.ibai-publishing.org/journal/mldm). Ten papers were selected for poster presentations and are published in the ICDM Poster Proceeding Volume by ibai-publishing (www.ibai-publishing.org). In conjunction with ICDM four workshops were held on special hot application-oriented topics in data mining: Data Mining in Marketing DMM, Data Mining in LifeScience DMLS, the Workshop on Case-Based Reasoning for Multimedia Data CBR-MD, and the Workshop on Data Mining in Agriculture DMA. The Workshop on Data Mining in Agriculture ran for the first time this year. All workshop papers will be published in the workshop proceedings by ibai-publishing (www.ibai-publishing.org). Selected papers of CBR-MD will be published in a special issue of the international journal Transactions on Case-Based Reasoning (www.ibai-publishing.org/journal/cbr).

From reader reviews:

Julianna Pepper:

Have you spare time for a day? What do you do when you have a lot more or little spare time? That's why, you can choose the suitable activity for spend your time. Any person spent their spare time to take a wander, shopping, or went to the particular Mall. How about open or even read a book entitled Advances in Data Mining: Applications and Theoretical Aspects: 10th Industrial Conference, ICDM 2010, Berlin, Germany, July 12-14, 2010. Proceedings (Lecture Notes in Computer Science)? Maybe it is for being best activity for you. You recognize beside you can spend your time with your favorite's book, you can smarter than before. Do you agree with its opinion or you have various other opinion?

June Whitaker:

The book Advances in Data Mining: Applications and Theoretical Aspects: 10th Industrial Conference, ICDM 2010, Berlin, Germany, July 12-14, 2010. Proceedings (Lecture Notes in Computer Science) can give more knowledge and information about everything you want. Why then must we leave the best thing like a book Advances in Data Mining: Applications and Theoretical Aspects: 10th Industrial Conference, ICDM 2010, Berlin, Germany, July 12-14, 2010. Proceedings (Lecture Notes in Computer Science)? Wide variety you have a different opinion about reserve. But one aim this book can give many data for us. It is absolutely proper. Right now, try to closer with the book. Knowledge or info that you take for that, you may give for each other; it is possible to share all of these. Book Advances in Data Mining: Applications and Theoretical Aspects: 10th Industrial Conference, ICDM 2010, Berlin, Germany, July 12-14, 2010. Proceedings (Lecture Notes in Computer Science) has simple shape but you know: it has great and big function for you. You can look the enormous world by available and read a reserve. So it is very wonderful.

Chad Foster:

Are you kind of active person, only have 10 as well as 15 minute in your day to upgrading your mind skill or thinking skill possibly analytical thinking? Then you are receiving problem with the book when compared with can satisfy your short period of time to read it because all of this time you only find e-book that need more time to be examine. Advances in Data Mining: Applications and Theoretical Aspects: 10th Industrial Conference, ICDM 2010, Berlin, Germany, July 12-14, 2010. Proceedings (Lecture Notes in Computer Science) can be your answer mainly because it can be read by an individual who have those short spare time problems.

Sandra Byrom:

What is your hobby? Have you heard that will question when you got learners? We believe that that issue was given by teacher with their students. Many kinds of hobby, Everyone has different hobby. And you know that little person such as reading or as reading through become their hobby. You need to understand

that reading is very important in addition to book as to be the matter. Book is important thing to provide you knowledge, except your own teacher or lecturer. You discover good news or update about something by book. Many kinds of books that can you go onto be your object. One of them is this Advances in Data Mining: Applications and Theoretical Aspects: 10th Industrial Conference, ICDM 2010, Berlin, Germany, July 12-14, 2010. Proceedings (Lecture Notes in Computer Science).
