Empowering Students With Technology

Empowering Students With Technology

Expand classroom experiences and spark student excitement with learning adventures powered by technology!

Demonstrating how technology can improve school performance, this second edition of the bestseller shows how computer and Internet technologies enhance students' critical thinking, research, and problem-solving skills; level the learning field for disadvantaged students; and open doors for children who are disabled. Offering more than 50 Web sites, plus new resources, practical lesson ideas, sample activities, more information about online learning, and real-world examples, this timely revision examines:

- Information literacy
- Learning in a globally connected community
- Increased access to information
- Applications for digital cameras, fax machines, cell phones, and more
