Making a Film

Federico Fellini

Making a Film Federico Fellini

Italian filmmaker Federico Fellini (1920-1993) is one of the most renowned figures in world cinema. Director of a long list of critically acclaimed motion pictures, including *La strada*, *La dolce vita*, *8½*, and *Amarcord*, Fellini's success helped strengthen the international prestige of Italian cinema from the 1950s onward. Often remembered as an eccentric auteur with a vivid imagination and a penchant for quasi-autobiographical works, the carnivalesque, and Rubenesque women, Fellini's inimitable films celebrate the creative potential of cinema as a medium and also provide thought-provoking evocations of various periods in Italian history, from the years of fascism to the age of Silvio Berlusconi's media empire. In *Making a Film* Fellini discusses his childhood and adolescence in the coastal town of Rimini, the time he spent as a cartoonist, journalist, and screenwriter in Rome, his decisive encounter with Roberto Rossellini, and his own movies, from *Variety Lights* to *Casanova*. The director explains the importance of drawing to his creative process, the mysterious ways in which ideas for films arise, his collaborations with his wife, Giulietta Masina, his thoughts on fascism, Jung, and the relationship between cinema and television. Often comic, sometimes tragic, and rife with insightful comments on his craft, *Making a Film* sheds light on Fellini's life and reveals the motivations behind many of his most fascinating movies. Available for the first time in its entirety in English, this volume contains the complete translation of *Fare un film*, the authoritative collection of writings edited and reworked by Fellini and initially published by Giulio Einaudi in 1980. The text includes a new translation of the Italo Calvino essay "A Spectator's Autobiography," an introduction by Italian film scholar Christopher B. White, and an afterward by Fellini's longtime friend and collaborator Liliana Betti.
