Survive--The Economic Collapse

Piero San Giorgio, James Howard Kunstler (Foreword), F. Roger Devlin (Translator)

Survive--The Economic Collapse Piero San Giorgio, James Howard Kunstler (Foreword), F. Roger Devlin (Translator)

For millions of people, the ongoing economic crisis has marked the End of the World As We Know It. The "American Dream" (and ones like it) of a guaranteed job, a home, and a pension, has given way to the nightmare of unemployment, unpayable debt, depression, and uncertainty. In *Survive The Economic Collapse*, Piero San Giorgio looks behind the headlines and sound bites and demonstrates that today's economic crisis is no temporary "downturn," nor is it simply the result of bad policies. The crisis is the beginning of the end of a global paradigm when expectations of endless economic growth and progress crash up against the reality of scarcity and limited resources. The implications of the collapse cannot be ignored: a steep decline in living standards due to the evaporation of easy credit; a new political landscape that might inspire nationalism, geopolitical reshuffling, and even wars over resources; and, potentially, a reduction in global population. No mere doom-sayer, San Giorgio explains not just how to understand the crisis but overcome it how to foster a resilient community, stay healthy, and become self-sufficient and productive in the "interesting times" that lie ahead. Packed with tactical information and resources, *Survive* is nothing less than a field manual for the apocalypse.
