WHTZ Z-100 Weekly Music Charts: 1983 - 1987 Frank W. Hoffmann

WHTZ-FM, also known as Z-100, was the leading pop music radio station in the New York City area during the 1980s and early 1990s. This volume reproduces the station's weekly singles and albums surveys from late 1983 through 1987. Also includes an essay delineating WHTZ's history. Like the other radio charts titles, my goal was to provide a convenient chronological compilation of weekly surveys with corrections of the considerable errors found in both the original sources and in translation to online sites. These radio charts – which exist in the public domain – can be found in a multitude of sources, including original published sheets distributed via retail outlets, mail inquiries, etc., notation of on-air broadcasts, back issues of area newspapers (where stations are located) and music trade periodicals, specialized reference books, and websites interested in historical documentation, most notably, Oldieslooon, musicradio77, and ARSA. I employed multiple sources in the compilation of each radio chart volume in order to provide the most accurate data possible.
