All Men Are Sluts Mr. Anthony G. Payton

This book is about men, if any of you fellows out there can be honest with yourselves for a few hours, you might benefit from reading it as well, because somewhere on these pages you will likely find a description of yourself. You will find facts as well as humor, irony, vulgarity and just a little bit of exaggeration, but always honesty. If you ladies don't find your boyfriend or husband in this book, please, send me the name of this saint—he is a rare creature. The first person to be called a slut was a dirty and disheveled clod (man) described by Chaucer around 1386. It didn't take long for British culture to turn it around and by 1450 the word "slut" was used solely to characterize a woman of loose morals, although some cool metrosexuals have recently "taken back the word" and now proudly identify themselves as sluts just because they have sex with whomever they please. But here's the deal, people—I'm going with Chaucer, the originator of the word, at least in print. Besides, all of the adjectives that go before "slut" like—filthy, adulterous, sloppy, coarse, and obnoxious—apply a lot more to men than women. Sorry guys; as I say over and over in these pages, women learned how to be sluts from us guys. Men are the real sluts.
