Popular Music and Human Rights (Ashgate Popular and Folk Music Series)

Popular Music and Human Rights (Ashgate Popular and Folk Music Series)

Popular music has long understood that human rights, if attainable at all, involve a struggle without end. The right to imagine an individual will, the right to some form of self-determination and the right to self-legislation have long been at the forefront of popular music's approach to human rights. At a time of such uncertainty and confusion, with human rights currently being violated all over the world, a new and sustained examination of cultural responses to such issues is warranted. In this respect music, which is always produced in a social context, is an extremely useful medium; in its immediacy music has a potency of expression whose reach is long and wide. This two-volume set comprises Volume I: British and American Music, and Volume II: World Music.
