Throughout six prior editions, "CTP" has defined the field of psychiatry. Every edition has garnered accolades from the highest levels of psychiatry, and established the text as the authoritative "Bible" for the specialty. A new, modern design and added color are just two of the many improvements and updates in the Seventh Edition of this landmark text. Carefully edited to include definitions and diagnostic criteria of mental disorders used in ICD-10, the Seventh Edition features approximately 260 new contributors and section editors, and 75 new chapter sections. A wealth of new information and updated coverage makes the Seventh Edition an essential cornerstone for every psychiatric practice.
