It was amazing standing at the altar looking into his eyes and being excited about the beautiful life we are going to share together. I see us with two or three kids, a dog, and a lovely four bedroom home in a nice neighborhood. I even imagine us in our golden years sitting in the backyard watching our grandchildren playing on the same swing set that once belonged to their parents. The bitch let me know this was for every person that I have misused in my past. If that's the case there might be many people that hate the ground I walk on. Come to think of it, I treated a bunch of people like shit. but I can't imagine anyone despising me this much. I don't remember ever giving any of my haters a hint that I gave a damn. It wasn't my fault that they allowed me to treat them that way. Hell, I got mine at any means possible and there was nothing stopping them from getting theirs. Shit, it was only part of the game. If I knew my actions would lead me to this outcome I would have changed my path. Am I to pay the price for every woman that choose financially gain over love? Am I to pay the price for every woman that felt they can use their looks to get over on people? Am I to pay the price for everyone that broke up a family? If this is true, then Karma is a Bitch.
