Richard Tarnas

"The most lucid and concise presentation I have read, of the grand lines of what every student should know about the history of Western thought. The writing is elegant and carries the reader with the momentum of a novel... It is really a noble performance."

--Joseph Campbell,
author of *The Hero with a Thousand Faces*

Here are the great minds of Western civilization and their pivotal ideas, from Plato to Hegel, from Augustine to Nietzsche, from Copernicus to Freud. Richard Tarnas performs the near-miracle of describing profound philosophical concepts simply but without simplifying them. Ten years in the making and already hailed as a classic, **THE PASSION OF THE WESTERN MIND** is truly a complete liberal education in a single volume.
