West Newbury was incorporated in 1819 after breaking away from the early settlement of Newbury, which was founded in 1635 by English livestock investors. From its very beginning, the town was a small farming community, later boasting many orchards, nurseries, and truck farms. The community was home to the last covered bridge in Essex County and can also lay claim as the birthplace of the comb industry. In 1886, a horsecar line from Haverhill opened up the community to surrounding areas. In 1897, horsecars were replaced with electric cars, the tracks of which extended to Newburyport. In the

mid-1950s, the community grew with the opening of Route 95. Today, West Newbury retains its historic charm, and residents are passionate about its past.
