Cases and doctrinal developments in **The First Amendment: Cases and Theory** are presented in historical context so that students may understand the Supreme Court's evolving tests, standards, and approaches to the Speech, Press, Assembly, Petition, and Religion Clauses in historical context through lightly edited cases. Engaging problems help students apply legal concepts in real situations. All the major contemporary free speech controversies are covered, including conflicts between free speech and national security, equality, civility, and other values, with particular attention to how these conflicts are playing out in the Internet context. Introductory chapters set the stage, and brief chapter overviews introduce the main themes and doctrines to improve student learning from the cases. **The First Amendment: Cases and Theory** is teachable in a standard three-hour survey course.
