Zombies!: An Illustrated History of the Undead Jovanka Vuckovic, George Romero

The zombie phenomenon is unique in Western popular culture. From its origins in the voodoo beliefs of Haiti, it has become a key ingredient in today's cinema, popular literature and comics. With one simple premise that the dead rise again to feast on the living and turn them into zombies, the undead have inspired a huge variety of artists to explore ideas of survival, morality, fear, humour and horror. ZOMBIES! is the first book to take a wide look at the whole phenomenon, from low budget cult movies to long-running comics and best-selling humour novels. With stunning imagery, and an authoritative and entertaining text from one of the worlds most distinguished experts on the genre, plus a foreword by master of horror George A. Romero, this tome will appall and delight the reader in equal measure.
